

"Mike's" News-Store Besieged. Long Line of Holiday Seekers Eager to Fill Out Questionnaires

Rotary Club's Offer of Free Holiday for the Under-Privileged Boys of City Brings Eager Response From Swarms of Small Chaps on Tuesday morning.

Of all the busiest men in this city of Edmonton on this Tuesday morning, probably John McNamee and M. B. Evans are the most intensely occupied, and also at appearances they are also the most exhausted. They are out of their lairs, flanked by a line of eager boys, they are making out the questionnaires of the Rotarians who are the participants in the original offer of the Rotary club to present a holiday to the boys.

The news item in the Bulletin concerning the plan to present a holiday to the boys in the form of a questionnaire was accepted liberally, as may be visualized by the swarms of boys who have thronged Mike's News-Store since 9 a.m. this morning, and waiting until the questionnaire was sent out to the boys, and continuing to arrive, and forming up at the end of the line.

In the middle office of the store, Mr. McNamee and Mr. Evans, flanked by a line of questionnaires are busy making out these questionnaires, and the retailers here and there associated with the growing generation.

Each boy having passed the ordeal, and having been given a questionnaire, is anxiously waiting for the others. The boys are waiting for the questionnaire, and the retailers here and there associated with the growing generation.

Many Answers Required
The questionnaire which the representatives of the Rotary club are making out is a voluminous document, and it is a question of time before the questionnaire will be filled out by the boys. Seventy-Five Per Cent Of Turk Army Is Numbered Among Killed Wounded and Taken Prisoners

Greeks Continue Pursuit of Retreating Turks Into Open Plains Beyond Eski-Shehr Making Their Advance With Utmost Rapidity—Roads Are Thronged With Fleeing Turk Refugees.

Athens, July 26.—An announcement by the Greek official agency yesterday said the Turkish losses in killed, wounded and taken prisoners amounted to 75 per cent of their entire fighting strength in Asia Minor.

The statement claims the Greeks have driven such a wedge into the Turkish Nationalist lines that the Kemal forces at Angora, the Turkish capital, have been cut off from those at Koniak, on the main line of the railway, 150 miles to the south.

London, July 26.—The Turkish Nationalist government, owing to the successful Greek advances in Asia Minor, has been obliged to transfer the seat of its government and the Turkish Nationalist assembly to Smyrna, according to Constantinople dispatches to the press.

Opening Up of Canada's Great North To Arctic Is Related By Recent Passenger To McPherson

**J. G. M. Christie, Born in Fort Edmonton and Son of Chief Factor,
Returns to City After Trip to the Arctic Terminus Post of the
Hudson's Bay Company**

Mr. & Mrs. J. G. Mc Christie, of Toronto, now visiting in the city with their children, 1215 99th street, are among the forty-five passengers who made the record round trip to Fort McPherson from Fort Smith in eighteen and a half days on the Hudson's Bay steamer "Markedale," Hydre.

The speaker also has the distinction

to be born here in old Fort Edmund sixty-four years ago," Mr. Christie says. He is the youngest of five children. McPherson on his recent arrival there, he says, "was a very different place from what it is now." His father, W. J. Christie, was chief factor at Edmonton for the whole of the Northwest Territories for many years. The first of the Hudson's Bay company days of the Hudson's Bay company were still remembered, he says, and the time extended from a point near Prince Albert as far as northern Saskatchewan. He says that in the west, the Hudson's Bay company was the law.

Mr. and Mrs. Christie describe the recent trip of the Hudson's Bay company to the north as a very successful one. They say that the company has been very successful in its recent trip to the north. In 1957 Father Veggelissa was one of the first to go west with Anne and a little later Father Lazenby followed him.

This zealous worker in the western vanguard soon understood that the people of the west were a different type of people. After a little while an unpretentious newspaperman, a friendly and intelligent and very likable character made his appearance. He was a young man, a native of Anne's Cree. Afterwards passed into the hands of Father Blatter and then to the hands of Father Lazenby. He is now known under the title of the Sacred Heart.

Coming down to more recent times, the first of the missionaries to be mentioned in this connection is Father Lazenby, who was active in the west from 1900 to 1910. He was a native of Anne and after a while assisted by Father Veggelissa, who was also a native of Anne. ATHABASCA RETURNS

According to reports current in Dublin, what is called the "rock of Ulster" is the great obstacle which must be taken into consideration. It is clear that from the statement of Lord Birkenhead, Lord High Chancellor in the House of Lords, and Mr. McKenna, Minister of Finance, that the Irish are in the commonsense today.

the government had not lost hope of a settlement. The former announced that the government was hopeful it would be able to make a statement at an early date. Mr. Chamberlain went further, clearly indicating that the government expected a late autumn agreement in order to pass legislation.

These are not the only favorable signs. Mr. Lloyd George has decided that he will not go abroad as he had previously intended, for a vacation; he desires to be available for any possible emergency.

No Extravagant Demand
A writer in the Westminster Gazette points out that DeValera's demand for £100 million for the Irish Republic is not an extravagant one when compared with the cost of the Irish War of Independence, which was estimated at £100 million.

ground for independence for Ireland is far from being an extravagant demand, as it is based on sound historical ground—namely, that under the act of independence passed by the British parliament in 1782, and still on the statute books, Ireland is a kingdom under the British King, not

united for the time being under the treaty embodied in the act of Union in 1809.
